

Positive Futures – Climate Change

Our Climate Change Position Statement

This document tells you what we plan to do about climate change.

1. Scientists tell us:

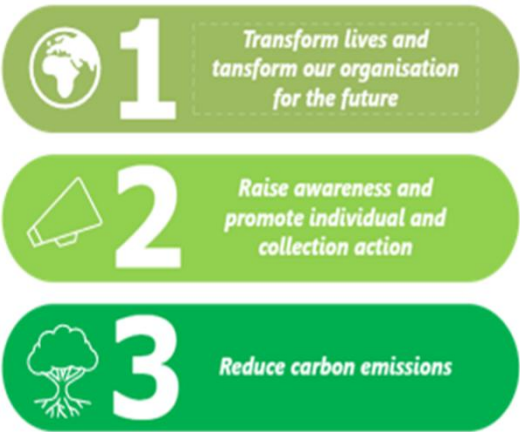

- Our world is getting hotter
- People are causing climate change
- Everyone must act to stop climate change.

2. Positive Futures will:

- Provide information and help to the people we support and our staff about what we can all do to stop climate change.
- Find ways to work effectively and save energy (such as electricity, gas, petrol) at work and in our homes.

	<ul style="list-style-type: none"> • Do our best to protect nature for everyone. • Work with others to stop climate change.
	<ul style="list-style-type: none"> • Measure and report on the changes we make. • Get funding for climate change projects to help the people we support, staff and our world.
	<ul style="list-style-type: none"> • Work with universities and other organisations to help us understand climate change and how it affects people with a disability.
	<ul style="list-style-type: none"> • Speak out when we see things that could harm our world.

	<ul style="list-style-type: none"> • Be kind, interested and willing to listen and learn from others. • Use our values to make changes now and in the future.
 <p>The infographic consists of three green rounded rectangular boxes stacked vertically. The first box is light green and contains a globe icon, the number '1', and the text 'Transform lives and transform our organisation for the future'. The second box is a medium green and contains a megaphone icon, the number '2', and the text 'Raise awareness and promote individual and collective action'. The third box is a darker green and contains a tree icon, the number '3', and the text 'Reduce carbon emissions'.</p>	<p>Our Climate Change strategy (what we plan to do) has 3 priorities:</p> <ul style="list-style-type: none"> • Organisational changes to make Positive Futures 'greener' for the future. • Raising awareness about climate change and supporting people to make positive changes in their lives. • Reduce our carbon footprint. This is the amount of carbon we produce from using energy like petrol, gas and electricity.

Share your ideas!

Talk to:

- Your **Service Manager or staff member**
- A member of the **Advisory Board** (for the people we support)
- Your **JCC rep** (for staff)
